Third Patch Notes: November 20 2018 : Just in time for Thanksgiving (???) we've got a significant free update for The Haunted Graveyard ! Spookier Old Vault. Patch Notes: October 11 2018 : We've released our first patch for The Haunted Graveyard! Highlights include: Pause Menu Improvements. Substance Designer 2019 Short Circuit VR The Haunted Graveyard Fourth Patch Notes: December 14 2018 : Happy holidays from The Haunted Graveyard ! Silent Night. Version 1.2.0 released! : Hello

all! I've released a new smaller update to include a feature I probably should've included in the previous version. Added rate prompt whenever you complete a custom level.. Welcome to the Haunted Graveyard! : We hope you enjoy your visit. :) Our team of passionate VR fans has been working on this project for many months and we are eager to welcome you to this spooky new world. Our initial release was very focused on novice VR users who visit VRcades. We will be adding some additional options for more experienced VR users very soon including locomotion settings.. Septerra Core Sticky Apps :: Monitor Ping Quible Sphere Version 1.2.2 released! : Hello! This update took an embarrassingly long time to get out. I just encountered problem after problem, but it's finally here! Here are the changes: Added the ability to unlock the cursor. Greatly improved the leaderboards. You can now see more players, around you, and friends only. Fixed a bug with the ticking sound. Fixed the music starting to play at max volume in the main menu.
